

## M/V ORIGIN

The M/V Origin blends the best of tasteful design and decor, luxury amenities, and environmental sustainability. The 20-passenger vessel was custom built to maximize fuel efficiency and comfort, and incorporated feedback from guests collected over the company's more than two decades as a leader in Galapagos expedition cruising.

### HIGHLIGHTS

The 10 staterooms are roomy and inviting, with large windows, private bathrooms, and plenty of storage space. Our elegant dining room features marble table tops, with configurations from two to 10 guests for private or group dining. Lunch is generally served al fresco on our spacious sundeck, which is equipped with day beds, chaises lounges, tables, hammocks, a four-person Jacuzzi, outdoor shower and a wet bar. Our intimate indoor bar is always open for hand-crafted cocktails, wine, beer, sodas, juices, coffee, and tea.

### ACCOMMODATION

Each deluxe double stateroom measures 145 square feet and has panoramic windows with breathtaking views of the ocean. Two twin beds can be converted to a King size bed. Individual climate control, fine bed linens, and both memory-foam and soft pillows ensure a comfortable night's sleep, while nightstands and an ample sectional closet provide plenty of space for storing personal items.

Each cabin has a private bathroom with a dual-flush toilet, a sink, and a modern rainfall shower with ocean views. Plush towels, waffle bathrobes, slippers, hair dryers, and biodegradable hand soap, body wash, shampoo and conditioner are provided.

Additional amenities include a vanity nook with a stool and lighted mirror, Apple TV with preloaded movies, a universal docking station, and a safe deposit box. There is a personal Espresso machine and tea kettle set up in every cabin.
