

## SACHA LODGE

LIVE THE MAGIC OF THE ECUADORIAN AMAZON. Remote yet accessible, unspoiled yet comfortable, our ecolodge has protected the fabulous wildlife here for more than 20 years, enabling it to flourish. Our all-inclusive jungle lodge is the ideal base for you and your family to explore the fascinating rainforest in small groups, led by expert guides.

### LOCATION

The Amazon might seem like a world away, but Sacha Lodge is easily accessible from Quito. After an easy 25-minutes flight from Quito and a two-hour journey speeding up the Napo River in a motorized canoe leaving civilization far behind, by lunchtime you will be in a hammock listening to the chatter of the tamarind monkeys.

### ACCOMMODATION

All of our cabins, with high thatched roofs and private shaded terraces with hammocks, are constructed with traditional materials and nestle subtly into the lush surroundings. Each of the 26 the rooms, which include single, double and (upon request) triple accommodations and three family cabins, provides a spacious private bathroom with flushing toilet and hot shower – some even feature floor-to-ceiling windows for an immersive jungle shower experience! All cabins are screened against insects and contain ceiling fans above two comfortable double beds.

### SERVICES & FACILITIES

- Restaurant with fresh, local and sustainable products
- La Balsa: outdoor lounge area, ideal to read a book with a glass of wine, or to observe birds, alligators and giant otters
- Bar with safari style
- La Tienda: a small boutique that sells essential elements
- Flight reservation once the booking at the lodge is made
- Rubber boots and ponchos
- Drinkable, purified and safe water available at several points around the Lodge
- Laundry service

### TECHNICAL SPECIFICATIONS

- Cell phone and radio communications available in case of emergency
- Internet connections available in the open areas of the cottage, at an additional daily rate.
- 24-hour electricity is provided by generators that are far away and are almost inaudible.
