

HACIENDA EL PORVENIR

**GREAT
ESCAPES**

Located in the heart of the Central Andes of Ecuador and surrounded by extraordinary landscapes, Hacienda El Porvenir offers an exceptional opportunity to explore and experience the adrenaline of the lands guarded by some of the most amazing volcanoes of the country.

Hacienda El Porvenir is in a privileged position on the slopes of the Rumiñahui volcano. It is the ideal place to explore the Cotopaxi National Park and experience the Andean lifestyle first-hand. Mountain biking, horses, trekking, and a warm fireplace at the end of the day.

A great getaway! At El Porvenir, you can also see various high-altitude birds (condors are frequently spotted) and native flora against a backdrop of spectacular scenery. Some trails can take you up to 4,200 meters above sea level. Horseback riding is one of the most popular excursions at El Porvenir.

Every group ride with experienced chagras (Andean Cowboys), local guides that will share the legends, history, and traditions of the land. After relishing the freedom of nature at its wildest and enjoying the exhilaration of galloping with the wind of the Andes, relax and unwind in the cozy living room or find a quiet corner to check your camera and pick out the day's best photos.
