

HACIENDA ZULETA BEYOND EXTRAORDINARY

Hacienda Zuleta is a stunning 17th century hotel and working farm of former Ecuador President Galo Plaza Lasso and his family. The property offers beautiful antique rooms, delicious organic Andean cuisine, strong community ties, and a wealth of activities for all ages. Visit mountain lakes and discover hidden trails by foot, bike or on horseback, see and learn about endangered species at the Condor Huasi facilities, or participate in a local cooking or embroidery class.

Zuleta allows you to experience the best of elegant Andean hacienda living, to wander through blossoming gardens and plazas, or simply have a drink sitting by the fireplace. The Galo Plaza Foundation has devoted over 20 years to conserving and increasing the numbers of the critically endangered Andean species and to protecting the ecological richness and cultural traditions of the indigenous community that lives near the farm. Zuleta is fun, adventure, indulgence, history, and more. The experience is beyond extraordinary, see for yourself!
