

SPECIAL GROUP EVENTS AND TOURS

Exclusive group events require intricate planning and organization. It is an opportunity to make memories that will last a lifetime, so everything needs to be on point. We coordinate unique, private, and personalized events, ensuring tailor-made experiences that reflect the emotions and settings you desire for the occasion.

Whether you are organizing a family reunion, a special anniversary, or an extraordinary Board of Directors meeting, we will collaborate with you to create the right plan for your group. One of the most important decisions is to select a unique location for your gathering. We have access to historical convents, private homes (inside and outside of Quito), adventure and nature programs, cultural performances, private concerts, Ecuadorian-cuisine master classes, sports related activities, specialized natural guides, among others.

All of our itineraries are built on your requests. Mytoureec thrives on making these memorable moments a reality and will explore all the possibilities to enhance every detail. We know this destination well and will partner with you from start to finish to bring all the elements together to create a spectacular experience.
