

WEDDING LOGISTICS

Mytoureec offers signature services for your international and special guests prior to, during, and after wedding events. This support includes airport transfers, private vehicles, wedding car permits for the colonial town, as well as shuttle services for guests to and from the ceremony and reception.

An international cohort always requires special pampering. We will work with your wedding planner to create a link on the bride and groom's website to coordinate arrivals, private city tours, rehearsal dinners, welcome cocktails, post-wedding brunches, and additional travel programs to visit Galapagos, the Amazon Basin, Indigenous markets, and other local highlights. We provide opportunities for guests to make the most of their trip by working around the wedding schedule to arrange visits to the most emblematic sites in Quito.

Our support will allow the bride, groom, and families to spend quality time with all their special guests and have the peace of mind that their logistical and travel needs are taken care of during their stay.
